Select Source for SC Signature Pad .....	3
Acquire SC Signature.....	4
Settings.....	6

## Select Source for SC Signature Pad

Choose **Select Source** from the **Image Menu**.

Select Source

Select the desired image type (**Sign**) to link to the **SC Signature Pad** source.

Select the product driver from the **Custom** dropdown list. In this case a **TOPAZ** signature board has been installed, the corresponding device driver must be selected to initiate the device and begin capturing signatures.

You are now ready to begin acquiring signatures in BadgeMaker.

## Acquire SC Signature

To acquire a signature image make sure you have configured a source as described in the previous chapter.

Once you have selected the correct Image Source to the Image Type (**Signature**), select **Acquire** to capture signatures using the SC Signature plug-in.

Select Sign

The SC Signature Capture window is presented to capture signatures.

SC Signature Plug-in

Using the signature pad create a signature as shown below.

The signature window size may change depending on what tablet is being used.

Capture signature

Once you are happy with the quality of signature click **Accept** to keep the image or if not happy with the signature quality click **Erase** to create another.

Click **Accept**, the following screen is presented.

Select **Settings** to adjust the image if required. The following dialog is presented.

### Settings

The default Line Thickness is good for most signature capturing. Only adjust if needed.

Settings

Select a **Line Thickness** from the drop down menu.

The following choices are presented.

- 1:Thinnest
- 2:Very Thin
- 3:Thin
- 4:Medium
- 5:Thick
- 6:Very Thick
- 7:Thickest

Settings

For this example **Medium (4)** is selected which gives a good overall image quality for signatures.

Selecting a higher value such as **Thickest** could cause the signature image to become unreadable. Selecting **Thinnest** could cause the image to degrade in quality and fade.

Once you have selected a **Line Thickness** click **OK** to close and return to the SC Signature Plug-in window.

Select **OK** to transfer the image.

Confirm you want to overwrite by clicking **Yes**.

The following Image window is updated and your new Signature is saved into BadgeMaker.

Signature captured in BadgeMaker

Below you can see how signatures are displayed in BadgeMaker's main screen and added to a Badge design.

The screenshot shows the BadgeMaker software interface. At the top, there is a menu bar (File, Record, View, Image, User, System, Help) and a toolbar. Below the menu bar is a 'Badge list' dropdown set to 'Studentcard'. On the left side, there is a sidebar with icons for 'Create a new project', 'Open an existi...', 'Edit project', 'Create new badge layouts', and 'Edit existing badge layouts'. The main area contains a table with columns: IDnumber, Firstname, Surname, Layout, and Func. The table lists several users, with Abigail Kamamoto selected. Below the table, there are two windows: 'Photo' showing a portrait of Abigail Kamamoto and 'Sign' showing her handwritten signature. To the right, there is a preview of a 'Student Card' for Riverwood University, which includes the user's name, field of study, class, privileges, and student number. Below the card preview, there is a section for 'Chip information' and a 'Photo' window showing the card's back side with contact information and a barcode.

IDnumber	Firstname	Surname	Layout	Func
<input type="checkbox"/> 100001	David	Johnson	Company Card	Softw
<input type="checkbox"/> 100002	John	MacPeason	DriverLicence	Sales
<input type="checkbox"/> 100003	Veronica	Stewart	Iclass 2k Card	Empl
<input type="checkbox"/> 100004	Rafael	Domingues	Iclass 16k1 ...	Proje
<input type="checkbox"/> 100005	Paul	Peterson	Iclass 16k8 ...	Custc
<input checked="" type="checkbox"/> 100006	Abigail	Kamamoto	MedicalCard	Rece
<input type="checkbox"/> 100007	Igor	Grabowski	NationalidCard	Softw
<input type="checkbox"/> 100008	Karen	Smith	Privilege card	Supp
<input type="checkbox"/> 100009	Luc	Chang	SportsCard	Direc
<input type="checkbox"/> 100010	Rebecca	Jones	Studentcard	Empl
<input type="checkbox"/> 100011	Anna	Ruiz	Mifare Card	Empl
<input type="checkbox"/> 100012	Francesca	Rossi	HID Prox	Empl
<input type="checkbox"/> 100013	Gwen	Barnard	Field List	Empl

**Student Card**  
**Name:** Abigail Kamamoto  
**Field of Study:** Reception  
**Class:** 2  
**Privileges:** Manag  
**Student Number:** 100006
